DOMESTIC NEWS.

FORTY-FOURTH CONGRESS—First Session.

Senate.

WASHINGTON, June 26

Mr. Logan, from the Military Committee, reported with amendments the House bill to equalize bounties. Placed on the calendar.

Mr. Morrill, of Me., called up the message of the President in regard to completing unexpended balances of appropriations into the next fiscal year, and moved it be referred to the Committee on Appropriations. So ordered.

The District of Columbia bill and the army appropriation were discussed at considerable length, the Senate Committee having struck out the House provisions reorganizing the army, as requiring more deliberation than can be given at this late period of the session.

The amendment to strike out the eight sections was agreed to—yeas 24, nays 19. Mr. Maxey voted with the Republicans in the affirmative. The other amendments proposed by the committee were agreed to. The bill as amended was reported to the Senate and passed. Adjourned.

House.

Mr. Snyder occupied the chair. Several bills were introduced.

Mr. Kasson offered a joint resolution that when the two houses adjourn on Saturday, it be to meet at ten o'clock, Tuesday, July 4th, in Independence Hall, Philadelphia, there to consider the first resolution commemorative of the Centennial anniversary of American independence. Referred to Committee on Centennial.

Mr. Neal of Ohio (Dem.) introduced a bill providing for the expenses of the Resumption act and moved the previous question. The point of order raised by Kasson was after discussion overruled. The previous question was not seconded—97 to 100, and Kasson, failing to debate it the bill went over under the rule.

Mr. Randall, from the Conference Committee on the Legislative appropriation bill, reported that they had been unable to agree, and on this motion a new committee were appointed, consisting of Randall, Springer and Kasson.

Mr. Savage of Ohio (Dem.) moved to put on its passage the bill to repeal that section of the Resumption act which took effect by lapse of time, proviso to same had not been given, was sustained and the motion was not entertained.

A motion to suspend the rules and pass the bill to continue for the next fiscal year appropriations made for the current year was rejected—55 to 124.

Springer, of Ill., (Dem.) offered a resolution instructing the Banking Committee to report to-morrow a bill repealing the resumption act.

Dennison, of Vt., interposed a motion to adjourn which was lost, but the morning hour expiring the matter went over.

Terry, of Virginia, moved to suspend the rules and pass a bill revising the law for payment for horses and equipments lost during the war, and extending time for filing claims. Adopted.

Caldwell, of Tenn., moved to suspend the rules and adopt a series of resolutions about retrenchment and the relative authority of the two branches of Congress, but no quorum voting the House adjourned.

WASHINGTON.

The Bounty Bill.

WASHINGTON, June 26. The Senate Military Committee is reporting favorably to-day on the House bill to equalize bounties amended it by striking from the list of its beneficiaries all sailors and marines, slaves and Indians; also by omitting the requirement that bounties received under State laws shall be deducted from the total of $8.33⅓ for each month of service, provided by the bill.

Representative Randall

did not leave for St. Louis last night as intended, owing to the condition of bills reported from the Committee on Appropriations, of which he has charge.

The Silver Bill.

The House Committee on Banking, at their meeting to-day, rescinded their former action and agreed to concur in the Senate amendment to the Silver bill, in regard to making the trade dollar a legal tender, and directed Mr. Payne to report the bill to the House.

NEW YORK CITY.

Murderous Rowdyism.

NEW YORK, June 26. A gang of six young ruffians yesterday morning assaulted every person they met in Union Square, with garden sticks which they had stolen from flower beds. A respectable German baker named Schreiber resisted the attack on him, when one of them run the pointed end of a stick into his eye, piercing to the brain. The man was dying last night. The young ruffian was arrested.

Another Strike.

The stone cutters of Brooklyn are on a strike, caused by employers voting not to employ men belonging to the society, as the latter insists on fining employers $100 for each non-society man put to work. As there is not much work under contract, the employers adhere to their position.

Hampering the Mail Service.

Postmaster James received orders to-day from the Postmaster General to reduce the force in the Post Office here ten per cent on the 1st of July. If this is carried out the business will be seriously crippled, as the expense of the office have been reduced $45,000 during the past year.

HOT WEATHER.

In New York.

NEW YORK, June 26. Fish, weather is extremely hot. The thermometer at 8:30 o'clock A. M., ranged from 83° to 87° in the shade.

THE ST. LOUIS CONVENTION.

Hendricks Not Considered Active Opposition to Tilden.

ST. LOUIS, June 26. The Hendricks men are feeling more confident than yesterday. A Hendricks band is parading the streets. Meanwhile the anti-Tilden leaders are working with energy. A conference was held at the Southern Hotel last night, which was attended by representatives from different delegations opposed to Tilden. Addresses were made by Roger A. Pryor and John Kelley. The object of the meeting was to see what they can count on. They report they are strong enough to defeat Tilden, but indicated no choice.

Tilden Delegations.

The delegations of Massachusetts and Wisconsin held meetings and agreed to cast the vote of each delegation solid for Tilden. The Tilden managers express the greatest confidence of ultimate success. It is believed the two-thirds rule will stand.

The Greenbackers.

A paper was laid before the National Committee this morning by the greenback delegation from New York, asking that seats in the Convention assigned to New York be left vacant until the credential committee reports which delegation is entitled to seats. The greenback delegation demands that both be put upon the same footing before the organization. It is signed by Gil Tucker.

The Maine Delegation

is now complete and may be regarded as solid for Tilden. The Maryland delegation is also secured while they have strong preference for Bayard they are willing to vote for any man who can carry the election. The New Hampshire delegation elected Geo. P. Hamblen, chairman.

A Tammany Statesman Arrested.

Tammany statesman was arrested in the Lindell Hotel, St. Louis last night, charged he was about enforcing a political argument with a pistol ball.

Davis Not Unwilling.

Last night the friends of Judge David Davis in Bloomington, Ill., felt authorized to deny that he will decline the Democratic nomination, if such nomination is made. He declined to talk on the subject personally.

The Tilden Organization Showing its Strength.

Evening.—There is no organized effort of great force for any candidate except Tilden. The audacity of his supporters sweeps everything before it and makes the opinion of other men seem puerile. His friends claim almost everything and his nomination on the 2d ballot with the requisite two-thirds, for the two-thirds rule will be adhered to.

Southern Delegates Reticent.

After all the result will depend on the action of the Southern delegates who have up to this time been mostly lookers on. They want the North to select the strong-est candidate and then they will support him.

John Morrissey is working among the delegates for Tilden.

Seymour Again Declines.

At a meeting of the New York delegation this evening a letter was read from Horatio Seymour positively declining any nomination. An informal ballot gave Tilden 53; Seymour 7; Hendricks 7; Church, Hoffman, Hancock and Bayard 1 each. A resolution was adopted that the delegation vote as a unit until released by a majority of it, and that 23 delegates shall have power to call a meeting.

Indiana Still for Hendricks.

Rumors of a combination between Tilden and Hendricks are contradicted by Gen. Manson, who says Indiana will vote for Hendricks first and last and that she will not take a second place on the ticket with Tilden.

The Financial Bugbear.

There is likely to be a fierce fight on the money question and a number of delegates are urging that nothing be said on the subject.

Pennsylvania to Stand by Hancock.

10.30 P. M.—The hopes of the opponents of Tilden now centre around Pennsylvania. This state has resolved to vote for Hancock and to continue to vote for him with no second choice behind. This action they think will draw to their support enough States on the second ballot to prevent the nomination of Tilden, and then Mr. Allen of Ohio being out of the way that State would be added to the Hancock column, and the following later by Hendricks's supporters.

Tilden's Strength.

The count for Tilden on the first ballot now exceeds 500. The Tammany leaders so loftily discouraged as to be about ready to give up the contest, and at this hour it looks as if Tilden would sweep the U.

At a meeting of the National Committee, Henry Watterson, editor of the Louisville Courier-Journal, was selected as temporary chairman of the first victory for Tilden.

THE TREASURY.

Doubts as to Senator Morrill's Acceptance.

WASHINGTON, June 26. Senator Morrill to-day had a long interview at Secretary Bristow's request with the President, during which the conversation involving the existing condition of affairs and the embarrassment which presented itself to the Senator on the subject of relinquishing his office as Chairman of the Committee on Appropriations to accept the office of Secretary of the Treasury. The report, quite prevalent to-day, that Mr. Morrill will not qualify as Secretary, is conditioned well founded. It is not impossible that the Senator will regard it only consistent with the public service to decline the position, and the President may send another nomination to the Senate before the last of July.

THE WEATHER.

WAR DEPT., OFFICE CHIEF SIGNAL OFFICER, Washington, D. C., June 27, 1 A. M.

Probabilities.

For the Middle and Eastern Atlantic coasts: Warmer Southwest winds, possibly shifting to northerly, except the southern stations, rising barometer and generally clear weather.

CONDENSED DESPATCHES.

It is estimated that 10,00 people went on excursions yesterday to Rockaway, Coney Island and other places.

The New York Orangemen have voted not to parade July 12th, but will visit the Centennial.

Ex-Mayor Eugene T. Miles, of Fitchburg, Mass., died Monday morning of an apoplectic fit. He was 49 years old.

The thunder storm was severe in Massachusetts and New Hampshire Sunday night and buildings were fired by lightning in several places.

A serious colliery explosion occurred Monday at Shirley Pit, Sheffield, Eng., and several officers were killed. Five bodies were recovered.

The striking colliers at Durham have agreed to arbitration.

During an altercation between her husband and other men, at Medway, Mass., Saturday night, Mrs Nancy Tubbs became frightened, went into convulsions, and died at midnight.

A proclamation was issued by President Grant yesterday recommending a proper religious observance throughout the Nation of the Centennial Fourth of July.

FOREIGN NEWS.

GREAT BRITAIN.

Troubles in the Cabinet—The Eastern Question.

LIVERPOOL, June 26. The Post's London correspondent says he learns from a trustworthy source that serious differences exist in the Cabinet on the Eastern question, and intimates that the present policy in Disraeli's and not Derby's. The correspondent says the reason why such obstinate silence is observed in Parliament on the policy of the Government on this question is, that debate would make manifest these differences which could not fail to prove very prejudicial to the Government. Derby and Stafford Northcote, Chancellor of the Exchequer, on the one hand, and the Premier, Mr. Hunt, the Lord of the Admiralty, and the Marquis of Salisbury, Secretary of State for India, on the other, are widely at variance on the extremely serious point of the amount of support to be awarded to Turkey by England in the event of a crisis. Every one is hoping for the best, but nobody's eyes can be closed to the alarming resemblance the present situation bears to that immediately preceding the Crimean war. If we do not this time drift into hostilities it certainly will not be owing to any and energy in the cause of peace of Disraeli's Government. The Post is a liberal journal.

The Anglo-Russian Imbroglio.

A Paris correspondent of the Times quotes a despatch to the Russian Telegraphic Agency, which concludes as follows: "If complications arise between Turkey and Servia they must be considered as a result of the material and very obvious support extended to Turkey by England." The correspondent adds: "Russia, despite the dexterous remarks of her official agency, knows perfectly well that England did not give Turkey any material support against the insurgents. England never pursued any other policy than non-intervention. She has concentrated a fleet to maintain that policy, and when she refused to adhere to the Berlin memorandum she did not shrink from backing up her theory in favor of non-intervention by a formal engagement not to intervene. The engagement is in decided terms and is in the hands of Gortschakoff."

Russia to aid Servia.

A Berlin despatch reports public opinion in Russia much excited. It is threatened that the Russian Government will sustain Servia in breaking through the military cordon with which she has been surrounded by Turkey.

Turkish Finance.

The New Free Press of Vienna says the Porte, with a view of establishing his financial administration, intends to apply at London for qualified British officials willing to enter the Turkish service.

No feature of an objectional nature are ever introduced. Mr. Murray can well feel proud of his great success in New York. May he be greeted as warmly by his friends in the country."

EXCURSIONS. We would call the attention of our readers to the excursion advertisements in our columns. The first one, on Wednesday, will be under the auspices of the Unitarian Society, who will touch at Fort Point, and then a sail will be taken down the eastern shore of the bay as far as the time and weather will permit, returning at Fort Point on the return, and arriving home at about 7 P. M. The Unitarian excursions are very popular and a large crowd will attend. The next excursion will be on the following day—Thursday, when the Bangor Reform Club invite their friends to accompany them on a visit to the beautiful village of Searsport. The citizens of that town have voted to receive the excursionists, and a general turnout, in which the Cornet Band, Engine Co., Reform Club, and a great many of the Reform Club of Belfast, will participate. Union Hall has been engaged and an appropriate and pleasing reception awaits all who go with the reformers. The barge Chelsea is to be used by both parties.

DAMON AND PYTHIAS. The Portland Museum Co. presented the interesting drama of Damon and Pythias at Norombega last evening, and it can be safely said it was their crowning triumph. The tragedy of Nick of the Woods is not popular with Bangor audiences, and that prejudice, together with the poor support, did not provoke a very favorable sentiment towards the company. But we assure the many who were present last evening that they really got a rich treat, for it was without exception the finest dramatic performance given in the city for the past year. The audience was the most enthusiastic and appreciative one we ever saw. The role of *Damon* was very skilfully handled by Mr. Procter, who was repeatedly called before the curtain. Miss Fanny Marsh, as *Hermion*, completely excelled herself, and gave much better satisfaction than on the previous evenings, which latter putting it mildly either. Her efforts to please were recognized, and she was called before the curtain. Mr. F. W. Beattie was easily equal to the role of *Pythias* and deserves to be complimented on his acting. He appeared before the curtain in response to the hearty applause of the audience. Miss Reynolds was very effective in her rendition of *Calanthe*, and fully won the sympathy of her hearers. We have not space to refer at length to the support, but suffice it to say it was excellent in every respect. The closing scene was impressive and the audience were wrought up to the highest pitch of interest during its presentation. The entertainment concluded with a farce entitled the "Country Cousin," which was digitally amusing. Miss Elmer took the part of Betty, and finely. Mr. Frank Curtis was equal to the situation as *Chesterton*. We sincerely regret that the company do not remain longer, but confidently hope they may return ere long and again give us Damon and Pythias.

HANCOCK COUNTY.

Bucksport & Bangor Railroad Co., vs. Inhabitants of Brewer—on report. Blaine for writ alleges that the town of Brewer in December, 1871, subscribed twenty thousand dollars to the capital stock of the Penobscot & Union River Railroad, that in February, 1873, the name of the corporation was changed by statute to the present name, and in March, 1873, the plaintiff made assessments on said subscription, and defendants duly notified of the times when they were payable; that on demand the defendants refused to pay. The defendants set up that their subscription was a conditional one in that the location was to be made satisfactory to the town, which they say the plaintiffs did not do.

Argued by Haddock and Hale & Emery for plaintiffs, and by E. Kent and Hutchings for defendants.

Benjamin P. Ware vs. John E. Gowen and trustees—on report. Defendants file plea in abatement, for want of jurisdiction here, the parties residing in Massachusetts. Also plead the statutes of limitations.

Argued by T. W. Vose for plaintiff, and by H. D. Haddock for defendants.

PENOBSCOT COUNTY.

Charles H. Bartlett et al. (ptfs) vs. City of Bangor—on report. Plaintiffs claim damages from the city by laying out extension of First street. Defendants claim that plaintiffs are owners of the land subject to a dedication to public use of the street as per plan of laying out the said extension, by their grantors, and that therefore they are entitled to only nominal damages, if any.

Argued by Wilson & Woodard for plaintiff, and by T. W. Vose, City Solicitor, for defendants.

(Same vs. same.)

(Isaac Hacker vs. Lewis H. Johnson—on plaintiff's exceptions. Replevin of goods attached by the deputy sheriff of the county as the property of one Flint. The case came up on motion for return, the plaintiff having become nonsuit, for the reason that it was brought in the name of Hacker, the property being the title of Hacker and Flint. Plaintiff resists the motion on the ground that it being one of the partners and the firm being insolvent, or so found who had no attachable interest, should be permitted to retain the property on proof of such insolvency.

A. W. Paine for plaintiff, and Madigan and Dodsworth for defendants.)

Cyrus Smith, vs. City of Bangor. On defendant's exceptions and motion for a new trial. Action to recover damages by reason of a defect in the highway on the Carmel road. The defect consisted of ice formed in the road by snow melting and freezing. The defendants claim that the road was reasonably safe and convenient. Argued by T. W. Vose, City Solicitor for defendants, and by W. T. Hilliard for plaintiff.

Fatal Accident.

A Frenchman, residing with his parents at Bush Mills, Orono, Fred Fortier by name, was run over by a special train on the E. & N. A. Railway, near eight-mile siding, Sabbath morning at 7.15 o'clock and instantly killed. During the afternoon of Sunday the Railway authorities summoned Coroner J. H. Wilson, of this city, who went to Orono and there he held an inquest upon the body, having first summoned a jury from the citizens of that town. As near as we can learn, the facts ascertained were substantially that Fortier spent the previous evening in and about some of the saloons which infest the neighborhood of the Railway depot in that town, in company with a few other friends and relations, having a good time. This was continued till nearly one o'clock Sunday morning, when he started to go home alone, along the track, the others having gone by the same before him. When last seen he seemed to be walking with a gait somewhat uncertain, and singing loud enough to waken the dead as he passed by the roadside, as he went through the village. Nothing more was learned of him until he was struck by the train, which was stopped at once by the driver of the engine, who was of opinion that he must have run over some one, although it was too dark to see distinctly far ahead when rounding the curve where the body lay. Help was procured without delay, the town authorities summoned and the body removed to a place of safety to await the result of the inquest. After viewing the body and hearing the testimony, the jury were of opinion that the deceased came to his death by being struck by the passing train, and that no blame attaches to those running the train. Deceased was a young man of good habits generally, very industrious, and was the principal support of an aged father and mother, upon whom the news of his untimely death produced a violent shock. The remains will be buried to-day.

Up-River Items.

Our correspondent Nopen writes from Winn, June 24: Erastus Loveland is passing here to-day, with the East Branch drive, composed of from ten to twelve millions feet of logs and driven by about 60 men. The logs belong to Loveland, Tidwell and others. They will probably get into the boom July 1.

The E. & N. A. Railway Co. are laying a side track back of the wooden machine shop at Mattawamkeag.

Many people are expecting to visit Bangor on the Fourth, although the preparations are all made for the Lincoln celebration.

A FEW THINGS THAT WE KNOW. We know that a disordered stomach or liver produces more suffering than any other cause. We know that very few pay-patients are successful in their treatment of these disorders. We know that Dalloste's Radical Cure will without the shadow of a doubt, almost immediately relieve and permanently cure all of these distressing symptoms. We know of thousands who are willing to testify that what we say is true to the letter. We know this if you will give it a fair trial you will feel no need of our name to the "cloud of witnesses." Will you give it a trial, and to-day? Trial size only 25c. Sold by Wm. Ellis Mann and J. F. Patten, Bangor. Folsom Bros., Oldtown. R. B. Stover and A. F. Page, Bucksport. A 25c. bottle will convince you of its merits. Don't delay another hour after reading this, but go and get a bottle, and your relief is as certain as you live. Will you do it, or will you continue to suffer? Think for yourself! Professor Parker's Pleasant Worm Syrup is perfectly safe and extremely palatable. No physic required. Costs 25 cents. TO THE CONSUMPTIVE.—Let those who languish under the fatal severity of our climate through any pulmonary complaint, or even those who are in decided consumption, by no means despair. There is a safe and sure remedy at hand, and one easily tried. *Wilbor's Compound of Cod Liver Oil and Lime*, without possessing the very nauseating flavor of the Oil as heretofore used, is endowed by the philosophize of lime with a healing property which renders the oil doubly efficacious. Remarkable testimonials of its efficacy can be exhibited to those who desire to see them. For sale by A. B. Wilbor, Chemist, Boston. jun23 eod

DR. SCHENCK'S PULMONIC SYRUP, SEA WEED TONIC, AND MANDRAKE PILLS.—The above medicines have undoubtedly performed more cures of Consumption than any other remedy known to the American public. They are compounded of vegetable ingredients, and contain nothing which can be injurious to the human constitution. Other remedies advertise as cures for Consumption, probably contain opium, which is a somewhat dangerous drug in all cases, and if taken freely by consumptive patients, it must do great injury; for its tendency is to confine the morbid matter in the system, which, of course, must make a cure impossible. Schenck's Pulmonic Syrup is warranted not to contain a particle of opium. It is composed of powerful but harmless herbs, which act on the lungs, liver, stomach, and blood, and thus correct all morbid secretions, and expel all the diseased matter from the body. These are the only means by which Consumption can be cured, and as Schenck's Pulmonic Syrup, Sea Weed Tonic and Mandrake Pills are the only medicines which operate in this way, it is obvious they are the only genuine cure for Pulmonary Consumption. Each bottle of this invaluable medicine is accompanied by full directions. Dr. Schenck is professionally at his principal office, corner Sixth and Arch Streets, Philadelphia, every Monday, where all letters for advice must be addressed. coulm jun11

—OF A—

BOSTON POLICE OFFICER.

E. B. STEVENS

Dear Sirs:—For your Book. I have also taken Vegetine, and I believe I should have suffered very much more than I did, had it not been for the Vegetine. I have taken in all about four bottles of Vegetine, and consider myself entirely cured. I have recommended it to many persons, and shall continue to do so. I have been a member of the Police force of the city of Boston for seven years, and during that time have been exposed to all kinds of weather, and have suffered much from Rheumatism and Kidney Complaint. I have been confined to my bed for weeks at a time, through the latter complaint, and could get no relief from doctors or medicines, until I was induced to try your Vegetine.
